VXL Residences: Pride group has recently launched VXL residences opposite the Aurangabad airport. The project is having 5,4 & 3 BHK luxurious residences. This is the first project in Aurangabad with the 5 BHK flats. As we know luxury has many facets, and the most enduring of them all is Space. VXL Residences gives you all the room you need to bring your lifestyle aspirations to glorious reality. In addition to the large living spaces, every apartment in VXL comes with a servant's separate room to accommodate your live-in help.

VXL Residences offers a lifestyle that's in tune with nature, as prescribed by the ancient science of Vastu Shastra. From the layout that orients each room's location according to its utility, to the generous windows, sized at more than 30% of the carpet area, every residence is designed to invoke and harness the positive forces of nature. 50% of FLATS are sold out.
