Address: **Bagbahara**

Price: **Free**

Lecture recording camera: The PTU MN Series lecture recording camera is a state-of-the-art solution designed for capturing high-quality video in educational and presentation settings. Here's a detailed description of its features and specifications:

- **4K Ultra HD Video Output:** The camera delivers stunning 4K resolution, ensuring that every detail is captured with exceptional clarity. This makes it ideal for recording lectures, presentations, and events where high-definition visuals are crucial.
- **12x / 20x Optical Zoom & 12x Digital Zoom:** The camera is equipped with either 12x or 20x optical zoom, allowing for detailed close-ups without sacrificing image quality. The additional 12x digital zoom extends the camera's reach, making it possible to focus on specific elements within a large room or auditorium.
- **Presenter or Preset Tracking Modes:** This camera features intelligent tracking modes that automatically follow the presenter as they move around the stage, ensuring they remain in focus. The preset tracking mode allows the camera to switch between predefined angles or locations, offering a dynamic recording experience without manual intervention.
- **NDI Capability (Optional):** With optional Network Device Interface (NDI) support, the camera can easily integrate into IP-based production workflows, allowing for seamless video
