Types of Braces Available at Our Clinic: The specialty area of dentistry known as orthodontics is dedicated to repositioning teeth and the jaw correctly. In order to properly align teeth and jaws for maximum function and aesthetic appeal, it primarily tackles the diagnosis, prevention, and correction of malpositioned teeth and jaws. This requires the use of braces, clear aligners, or other dental devices. There are many different kinds of orthodontic treatments available in Chandigarh at Ags Dental Clinic, and each treatment is customized to match the unique needs of the residents of Tricity Clip & Braces Clinic in Chandigarh.
