MD 42 License: MD 42 License is essential for businesses involved in the import, sale, or distribution of medical devices in India. It is required for wholesalers, retailers, and stockists to have this license, issued by the CDSCO. It ensures that all imported devices meet safety and quality standards. With MD 42 compliance, businesses can operate within legal boundaries and gain consumer trust. Agile Regulatory offers expert support for obtaining the MD 42 License, making the process efficient and stress-free for your business.
