Be found by the perfect partner: In India, logging onto a portal to find a prospective spouse is stressful and without romance. However, we've inverted that, by making logging-on the act that helps you connect with that Mr. or Ms. Right who is probably looking for you. From being a person who has to do the hard work of finding and screening, we've made the candidate feel special by being the one who is found.(MITDAD202402)
